Provide here the proposed method, work plan and schedule for your project; please be as specific as possible.

<max 4000 characters, including spaces>

Dissemination plan *

Describe briefly the ways you intend to adopt for disseminating your project results.

<max 500 characters, including spaces>

Scientific excellence of user

Short biography of the Principal Investigator *

<max 1000 characters, including spaces>

User expertise in the domain of application *

Provide here a short summary of the User expertise in the applied field.

<max 1000 characters, including spaces>

List of recent relevant publications/patents/achievements of the user (maximum 5)

<max 4000 characters, including spaces>

Notes

Use this field for any extra details related to your submission.

List all individuals involved in the proposal (co-PIs), including their names, institutional affiliations and email addresses.

If your affiliation during access differs from your affiliation at project submission, or if your insurance documentation requires an update, or if you're requesting access for one additional user, or for any other specific cases not covered elsewhere in the application form, let us know here.

If, in agreement with the Facility Manager, access is requested for an additional team member, include their details (name, last name, affiliation, and email address). Upon eventual project approval, ensure all users who are granted access are included in the final Access Agreement.

Note that the TNA/NOA program only covers expenses for the project PI. Be aware that improper use of this field may result in the ineligibility of your proposal.

Files Upload

Note that the submission draft can only be saved and edited at a later stage if the user completes all parts of the submission template (Part A, B, and C) during the initial submission.

Please insert **all** the requested files in the same work session and provide them only in pdf format, otherwise the registration form will be blocked until the upload procedure is successful.

All fields marked with * are required

Principal Investigator documents *

Upload Curriculum vitae *

Select the Principal Investigator CV to Upload (use this format: "firstname.lastname.cv.pdf"):

nessun file selezionato

Upload Personal Document *

Select copy of Principal Investigator personal document (use this format: "firstname.lastname.document.pdf"):

nessun file selezionato

Upload Insurance document *

Select insurance document from the sending institution (use this format: "firstname.lastname.insurance.pdf"):

nessun file selezionato

Upload other files for student only (Optional)

Upload Endorsement letter

For students only, it is possible to provide an endorsement letter of your Institution

Select the file to Upload (use this format: "firstname.lastname.endorse.pdf"):

nessun file selezionato

ILGE - TNA/NOA - Proposal Submission Form - Part C

Selection of Facility and Access type

[Warning: Do not use the back button of your browser, otherwise you will lose your filled data.]

Please note that the submission draft can only be saved and edited at a later stage if the user completes all parts of the submission template (Part A, B, and C) during the initial submission.

All fields marked with * are required

Choose the Facility

Please select an Laboratory *

-- Please select an option --

Click the SHOW FACILITIES button to display the available tna offers for the chosen Laboratory.*

SHOW FACILITIES

Please use the checkboxes to select the tna offers you want to present in your submission.*

Select	Laboratory	Facility	Access mode	Access days offered
<input type="radio"/>	Laboratory of Paleomagnetism	Measurments of remanent magnetization	Physical access	15

Access Type*

- TNA - TransNational Access
 NOA - National Open Access

Access Mode*

- Physical Access
 Remote Access

Requested days of accesses*

0

Briefly describe the reason why you chose this facility and why it is best suited for the project *

< max 500 characters, including spaces >

Samples information

Information related to the samples (if the project involves working with samples, e.g. sample preparation)

< max 500 characters, including spaces >

By completing this Application form, the user agrees with the terms and conditions for Transnational Access / National Open Access (see Eligibility Criteria and User's Obligations in the Call web page). Finally, before pressing submit, the applicant is required to indicate his/her approval of INGV Privacy Policy (<https://www.ingv.it/en/privacy>) regarding the treatment, use and management of personal data, and the [ILGE TNA/NOA Data Policy](#) of data access and data management.

Approval

- I, the applicant, accept INGV Privacy Policy, relating to management and processing of personal data, and the ILGE TNA/NOA Data Policy.*
